

CHRISTOPHER ASH

R&D Engineer

+82-10-5821-9506 • christopherash001@gmail.com • Busan, South Korea
Portfolio: tinyurl.com/CAshportfolioENG • GitHub: github.com/ChrisDanAsh

PROFESSIONAL SUMMARY

A detail-oriented, organised and diligent R&D engineer who enjoys designing and building systems. Highly curious, always willing to learn and adapt to overcome any challenges faced, and always holds integrity and ethics above all else.

TECHNICAL SKILLS

Programming & Frameworks: C, C++, Python, PyTorch, SQL, LangChain, GCP, Docker

Embedded Hardware: Arduino, Raspberry Pi, PIC microcontrollers, motor controllers, sensor/actuator systems

AI & Research: LLM prompt engineering, Retrieval-Augmented Generation (RAG) systems, Agentic LLM systems, Time series analysis & prediction, transfer learning

Languages: English (native), Korean (TOPIK Level 4 – Intermediate)

Other: Team leadership, audio/visual & streaming technician, graphic design, video editing

WORK EXPERIENCE

AI Engineer

Jan 2026 – June 2026

TripDoc, Korean Medical Tourism Company

- Designed and built an agentic, multilingual LLM chat assistant enabling users to search the company's database for hospitals, treatments, and products and book procedures via natural language
- Designed and executed a 25-scenario multilingual benchmark evaluating the chat system against Gemini and ChatGPT; diagnosed structural failure modes and drove fixes that raised task completion from 55% to 84%
- Produced evaluation and roadmap reports that converted benchmark findings into a prioritized, scheduled engineering plan for reaching production readiness
- Wrote comprehensive technical documentation for the system, covering the entire end-to-end architecture
- Assisted with the creation of medical domain specific LLM based translation APIs

Student Researcher

Sept 2023 – May 2025

Artificial Intelligence Application Lab, Kyungpook National University

- Conducted research in time series analysis and prediction using AI (Python / PyTorch)
- Assisted with the translation of research and documents from Korean to English
- Assisted with the review of research papers submitted to AUTCON and EAAI journals

R&D Engineer

Sept 2020 – Nov 2021

The University of the West Indies, Trinidad

- Responsible for research, design and development of an Autonomous Disinfection Robot and an Air Disinfection Unit

- Implemented the motor controller for the Disinfection Robot on an Arduino
- Implemented the sensor and actuator system for the Air Disinfection Unit on a Raspberry Pi

Research Assistant

Nov 2019 – Oct 2020

The University of the West Indies, Trinidad

- Worked on a Real Time Fault Tolerant Control research paper for Dr Craig Ramlal
- Ran tutorial classes for the Controls and Instrumentation I course

Intern

July – August 2018

FASOVE

- Set up the programming environment for and worked on an Educational Robotics Kit

EDUCATION

MSc. Robotics and Smart Systems Engineering, AI and Safety Convergence (Double Major)

Kyungpook National University

Sept 2023 – Aug 2025

GPA: 3.9 / 4.3

Korean Language Program (Global Korea Scholarship)

Dongseo University

Sept 2022 – Aug 2023

BSc. Electrical and Computer Engineering

The University of the West Indies, Trinidad

Sept 2015 – July 2019

First Class Honours • GPA: 3.73 / 4.3

PUBLICATIONS

Air Pollution Spread Prediction and Risk Assessment – A Sequential Transfer Learning Model for Air Pollution Prediction in Data Scarce Regions. *KICEM Annual Conference, 2024*

ACADEMIC ACHIEVEMENTS

2022	Global Korea Scholarship Winner, Trinidad and Tobago
2019	Winner of iGovTT HACKTT App Development Competition – Project Manager of Group
2019	Faculty of Engineering Dean's Honour Roll, University of the West Indies St. Augustine
2018	Board of Engineering of Trinidad and Tobago Bursary recipient
2015	Trinidad and Tobago National Scholarship – Natural Sciences
2014, 2015	Top CXC CAPE Unit I and II Student (Male), St. Stephen's College, Trinidad

VOLUNTEER EXPERIENCE & ACTIVITIES

2024 – 2025	KNU International Exchange Club Member
2018 – 2019	Engineering Student Society Secretary, UWI St. Augustine
2015 – 2019	Student Liaison for Electrical and Computer Engineering Department
2017 – 2019	Instructor at Engineering Programming Workshops (Jan 2019, 2018, 2017)
2013 – 2015	Chess Club President, St. Stephen's College
